

Remote Learning - Lane End January 2021

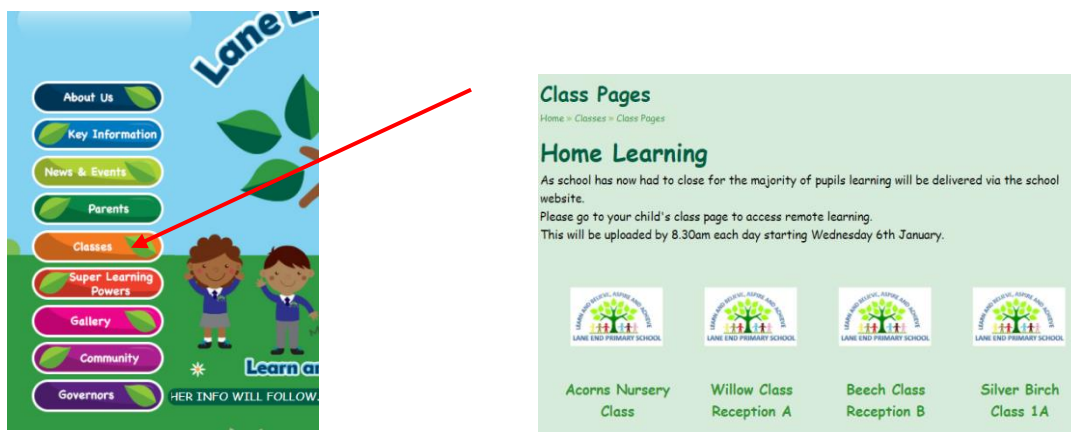

Dear Parents and Carers,

Thank you kindly for your patience while we have set up remote learning systems today. We really appreciate it in what everyone is finding a very challenging time.

Remote learning will be uploaded each morning for the day to your child's class page on the school website.

www.laneendprimary.org.uk

Please access your class page using the orange tab marked **Classes** on the side bar. You do not need to log in to access the learning – this is just for staff. It will take you to the class pages where you can click on your child's class icon.

Please click on the home learning link to access the day's learning. This will take you to a page with a hyperlink for the day.

This will direct you to all the learning activities for the day. Work through these over the course of the day. You can do them in any order and remember to build in break times.

You will need lined paper, plain paper and a pencil to complete some of these activities. Please email your year group email if you don't have these items at home so we can help you.

In some instances you will be asked to send a photograph of your work to the class email, so please look out for this and do so.

During this period of remote learning we would like the children not to think of the work as optional. It is really important that they do some learning every day and as much as they can. We will check in with you and your child to see how things are going very soon. We are mindful of how difficult a situation this is for families and as always want to support you as much as we can to do as much as you can manage.

Please email your year group email should you need any support. They are all listed below:

nursery@laneendprimary.org.uk

reception@laneendprimary.org.uk

Year1@laneendprimary.org.uk

Year2@laneendprimary.org.uk
