

Lane End Primary

let's get active!

There are a great many exciting events happening in our area this summer:

11th May 2024
Following the success of the first Let's Move: South Leeds event last year, it will be returning in 2024 on 11th May 12-3pm at Cross Flatts Park. Get Set Leeds Local are working with community partners to come together celebrating and showcasing some of the many ways residents can 'move more' within South Leeds.
Over 20 local groups, sports clubs and activity providers will be there creating opportunities for all ages through taster activities, mini challenges, demonstrations and 'have a go' activities for all ages. There'll be chances to join in some familiar activities and perhaps have a go at something new and find out more about ways to get involved.
Shoot a hoop, kick, throw, have a tennis rally, join in a dance workshop, join a treasure hunt, find out more about climbing, try your hand at bowls, learn some martial arts, play, chat and more. There will bike tagging and bike fixing for those that wish to bring their bike, along with bike activities for younger and older children (no bike needed). Come along and take a pit stop with the West Yorkshire Combined Authority, and share your insight.
We'd like to thank the Inner South Community Committee for it's support, along with Aldi for donations of drinks and snacks. Come along and join in, chat and get to know what's going on locally. If you run a group/club and would like to be a part of it then get in touch (karen.peck@leeds.gov.uk).

Free cycling sessions after school!

Ideas for parents too:

Lane End Sports Days

We are making arrangements for our annual summer Sports Days. Invitations will go out to families nearer the time. This year's theme is

Physical Health and Mental Health : get moving and feel good

Some news:

Mr Forsyth, our much loved Y4 teacher and PE coordinator, will be leaving us at the end of half term. His health is on the mend, thankfully, and we wish him all the very best for the future.
